Leading the way to the future

Extension Cord with Multiple Sockets

Application

For powering household electrical appliances. The extension cords are made in accordance with the regulations for low voltage equipment, with the essential safety requirements for the application of the CE marking

Construction

Cord plug	Schuko
Cord	H05VV-F 3G1 or H05VV-F 3G1.5
Cord socket	From 3 up to 6 Schuko sockets

Standards and Certifications

Plug and socket: SR CEI 60884-1+A1 : 2008; DIN VDE 0620-2-1

Cord: EN 50525-2-11

Non rewirable cord extension set: IEC 60884-2-7

Plug - VDE

Cord - VDE HAR

Non rewirable cord extension set - TUV Rheinland

Extension Cord with Multiple Sockets

Technical Data

Nominal voltage Uo/U	[V]	250
Nominal current H05VV-F 3G1.0	[A]	10
Maximum power H05VV-F 3G1.0	[W]	2500
Nominal current H05VV-F 3G1.5	[A]	16
Maximum power H05VV-F 3G1.5	[W]	3800
Temperature range	°C	-40°C till +70°C
Operating temperature	short circuit°C	150°C
Short circuit time	max. [sec]	5
Bending radius	x diameter	5

Extension Cord	Extension Socket	On/Off Switch	Child Protection	Lenght
H05VV-F 3G1.0 10A/2500W	3	-	-	All models are available in 1.5; 2; 3; 5; 7; 10 meters
